"ARTIFICIAL INTELLIGENCE AND THE UN'S SUSTAINABLE DEVELOPMENT GOALS (SDGs): TRENDS, CHALLENGES & OPPORTUNITIES FOR LEADERS"

21st August 2023 ▌ **8.00 AM-12.00 PM** ▌ **SCOPE Auditorium**

PROGRAM OVERVIEW

This program will delve into the emerging intersections between Artificial Intelligence (AI) and the United Nation's Sustainable Development Goals (SDGs).

The session is not just about imparting knowledge—it's about empowering leaders and advancing societies, a vision central to Asian Strategy and Leadership Institute (ASLI). As AI becomes increasingly pivotal in shaping our future, understanding its potential impacts, ethical dimensions, and opportunities are vital for every leader.

This program will discuss further into this fascinating topic, gain new insights and contribute to shaping our collective future.
